

Goal setting is broken.

Save this carousel.

You set the target on Monday.

By Friday, reality has moved three states over.
The target stays. You don't.

Goals are **STONES.** *Reality is water.*

The stone breaks where it stands.
The water finds another way.

GOAL

the stone

Increase revenue forty percent.

It breaks on the first storm.

BEARING

the tide

Build a base that funds two hires by Q3 — even if the path bends.

Hold a bearing, not a goal.

Follow along.
