THE STAR FRAMEWORK

COMMITTED

Will. Must. Bind.

ASPIRE

Aim. Try. Stretch.

Mark every bearing.
Know which is which.

FIRST
MATE

Eight commitments. No room to stretch.

By week three, three are off the rails — and so are you.

COMMITTED

Will. Must. Bind.

Two, maybe three a quarter.
The bearings that decide
whether the quarter mattered.

ASPIRATIONAL

Aim. Try. Stretch.

Five to seven.
They keep the fire lit
without breaking the commitments.

Mark every bearing. Filled, or outlined.

First Mate makes it honest.
Save this for your next quarter.
