Five signs you have a

LIST,

not a bearing.

Swipe. Count how many fit.

01

YOU CAN'T SAY IT IN NINE WORDS.

If it needs a paragraph, it's a project plan.

02

EVERYTHING FEELS URGENT.

A bearing tells you what can wait. A list can't.

03

TWO OPPORTUNITIES LOOK EQUAL.

A working bearing makes the choice for you.

FIRST

MATE

04

YOU MEASURE IT BY COUNTING TASKS.

Progress is direction, not volume.

05

NOBODY ELSE COULD REPEAT IT.

If your team can't say it back,
it isn't steering anything.

Which one stung?
