Fifteen minutes.

FIVE STEPS.

Swipe, then do it today.

01

LOOK BACK

3 MINUTES

What held this quarter? What drifted?
List both. No excuses, no stories.

02

CUT

2 MINUTES

Strike anything you've stopped believing in. Dead bearings drain the live ones.

03

COMMIT

3 MINUTES

Pick two or three committed bearings.
The ones you'd put your name on.

04

ASPIRE

4 MINUTES

Pick five to seven aspirational ones. Reach, and let a miss still count as a good quarter.

05

NAME IT

3 MINUTES

Write the bearing in nine words or fewer. Say it out loud.

Fifteen minutes now.

A CLEARER QUARTER LATER.

Save this for your next reset.
